Abbotsford Middle School is an inclusive IB World School located in Abbotsford, British Columbia, one of the fastest growing and diverse communities in Canada. Abbotsford, a “City in the Country”, is nestled on the flatlands between the Coast and Cascade mountain ranges and lies in the heart of the Fraser Valley. Our school is a vibrant learning community that nurtures self-esteem through support and encouragement for our students in Gr. 6-8 (MYP Levels 1-3).

We are dedicated to supporting students’ learning by setting challenging goals through the inquiry-based IB program and provincial curriculum. We encourage all students to take an active part in their learning and promote personalized learning with an emphasis on global awareness and 21st century skills. Community and Service plays an important part at our school as it empowers our students to take the skills, knowledge, and attitudes learned in the classroom and apply them to real-life situations in the community or world.

Our students are committed to perseverance, respect and responsibility, integrity, dedication, and excellence (PRIDE). At Abbotsford Middle we are passionate about the MYP as it

allows our teachers to use best practices in their classrooms to foster student engagement and learning and stay current with educational research.

Abbotsford Middle offers various curricular programs and extra-curricular activities. We have a unique technology and design program at our school which includes a Pitsco Lab which is a key component of the STEM (Science, Technology, Engineering, Math) program. Our students have the opportunity to learn robotics, rocketry, mechanics, computer graphics, makerspace, animation, CADD (computer automated drafting design), and flight simulator. We also offer math challenges and science fair as enrichment. Our school offers a soccer academy where the students are trained by high level coaches, and a successful competitive band program. Activities include: volleyball, cross-country, football, basketball, rugby, and track as well as leadership, Builder’s Club, yearbook, and drama club.

Abbotsford Middle is a place where we believe that by working together we will succeed. We welcome you to contact us for more information.
